

Community Relations

Relations Between Area, County, State, Regional & National Associations and the Schools

Membership in recognized associations such as the California School Boards Association (CSBA) and the Association of California School Administrators (ACSA) may be maintained by the District for several reasons, including:

1. The in-service education benefits to our staff and Board which come from participation in meetings, conferences, clinics and conventions.
2. Access to the communication media of such associations, such as newsletters, periodicals and advisory services.
3. Representation in actions affecting education in general and the school District in particular.

The Board, in maintaining such membership, in no way abdicates its authority over the responsibility for the schools of the District as outlined in state law and Board Policy.

The Superintendent is directed to budget funds for such memberships and for paying the costs of adequate participation of Board, administration and Leadership staff in the activities of such associations to achieve the purposes listed above.
