Transportation

The extent to which the District provides transportation depends upon student needs and a continuing assessment of financial resources. The Board of Education desires to:

1. Provide maximum safety for students between home and school and on school-sponsored trips
2. Promote desirable student behavior and respect for traffic safety
3. Provide assistance and transportation for handicapped students
4. Provide transportation for field trips

(cf. 3541.5 - Alternative Transportation Arrangements) (cf. 5131.1 - Bus Conduct)

All school buses shall comply with inspection requirements specified in the Vehicle Code and administered by the California Highway Patrol.

The District may contract with a private carrier for transportation services whenever such an arrangement may be more economical than using District-owned or leased vehicles.
